## Farm Labor Reps. Due

Farm labor representatives from eight summer harvesting states on the Eastern Seaboard will be in the Glades next week on the subject of their future labor supply.

Farm labor men from the Carolinas, Virginia, Delaware, Maryland, Pennsylvania, New Jersey, and New York will interview migratory crew leaders and contractors about work commitments next Thursday at Pahokee City Hall and Friday at Belle Glade City Hall.

Hours will be 10 a.m. to 4 p.m. in Pahokee, and 9 a.m. to 4 p.m. in Belle Glade, according to L. V. McClelland, farm labor representative of the Florida State Employment Service in Belle Glade.

On hand during the discussions will be officials from the USES Atlantic regional office and FSES in Tallahassee, McClelland said.

## BASEBALL HERE WITH SPRING

Civic clubs and business firms in the Glades will be behind spring baseball this week.

With formation of teams in South Bay sponsored by the Lions club, more fully reported elsewhere in the OBSERVER, and Pahokee Rotary Club donating \$25 toward the Little League in that community, and a Pony League sponsored in Belle Glade by several business firms, baseball was getting off to a fast start.

Inter-city competition and co-operation were both stressed, with announcement by R. E. Howard, Belle Glade, that Pahokee youths wishing to play on Belle Glade Pony League teams would be scheduled for practice and play with as little inconvenience to them as to time and transportation. Four Pahokee boys have already signed up, he said.

Howard added that regardless of the number of Pahokee players games would be played in that community. Coach Webb Bell, George McIlhenny and A. E. Early are assisting in getting teams started in the Pony League group and may be contacted by prospective players.

Pony League players numbering about 50 have turned out in Pahokee to start a series of twilight games, according to a report made by Robert McIntosh at Thursday's Rotary meeting in Pahokee.

## So. Bay Escape Short, Sweet

SOUTH BAY—Atticus James Alexander of Eagle Lake, Fla., who was arrested last Friday morning for drunken driving in the South Bay school zone, given a 90-day jail sentence, made a frantic dash for freedom the following morning while assigned to a work detail at the City Park, when Ben Austin, under whose supervision the prisoner was working, momentarily turned his back.

Alexander ran through an adjoining yard, plunged into the canal and swam to the opposite shore, jumping the fence of the William Masonic property. Although police immediately made a search of the area, they were unable to find the prisoner.

After an hour or so, the police decided to confine their efforts to patrolling the nearby roads, while Masonic, together with his daughters Barbara, 14 and Gail, 10, continued searching for a search of the area, they were unable to find the prisoner.

The Pahokee team will participate in the Suncoast Conference field meet at Vero Beach Apr. 21. Those placing first will be eligible for district meet to be held at Miami Apr. 29.

There are 40 South Bay boys already practicing daily under the instruction of Coach F. Morris on the school ground.

## NEW PIPELINE TO BE SET

BELLE GLADE—Installation of a 18" cast iron pipe under the Hillsboro Canal west of Chosen this week will link the water pump station and intake wells in the Rim Canal, according to C. H. Throop, water superintendent.

Deepening and eventual widening of the Hillsboro Canal by the Corps of Engineers contract this week will necessitate the relocation and replacement of a section of water line leading from the waterworks to the Canal intake, Throop said.

City Commissioners have considered several plans for leading the water main either across or under the canal. In early January a decision was reached to purchase pipe for construction of a "U" with lateral arms 48 feet long and broad enough to span the width of the canal. The present pipeline will be 32 ft. under the surface of the canal and wide enough to allow for the new loop into the main line at Corps of Engineers.

Clemmons Construction Co., drapeline contract holders, plan to assist the city in placing the giant water link in the trench already dug to receive it. As soon as waterworks crews have tied the new loop into the main line, residents will again have lake water instead of canal water in their pipes, according to plans made by the commission and carried out by Throop.

## DEVIL TRACKMEN SHOW UP WELL

PAHOKEE—The Pahokee high school track team ranked high in a quadrangle meet at Vero Beach last week, made up of Vero, Seaboard, Melbourne, Stuart and Pahokee.

Earl Douglas Meredith tied for first place in the 120-yard high hurdle race; third place in the 180-yard low hurdle; the Pahokee 380 yard relay team won first place, with Meredith, Jim Say, Dow McClelland, Jerry Roberts, Ronnie Goodson second place in a mile run and the 100 yards dash and 220-yard dash. Sammy McKinstry took second place in the pole vault.

The Pahokee team will participate in the Suncoast Conference field meet at Vero Beach Apr. 21. Those placing first will be eligible for district meet to be held at Miami Apr. 29.

On Sunday, James Jones, Everglades Camp, ran into the canal off SR 15 at Muck City Road, causing the accident.

BELLE GLADE'S George Young, manager of the Glades Livestock Market, brightened up the dullness of the midwest's midwinter feet by wearing his best boots at the National Livestock Association meeting recently in Chicago. In the picture taken in the famous Chicago stockyards are (l-r): R. W. Greiser, head livestock salesman for Chicago Producers Livestock Commission, Co.; Young, Stock-Feeder-Buyer Paul McQueen, of the commission company, and Feeder James Bell, Keweenaw, Ia. Bell fed the cattle shown in the background, whose average weight was 1430 lbs. and brought \$22.50 cwt.

## 2 Dead In Hwy. Accidents

Two local deaths resulted from highway accidents in the past week.

James Earl Pearce, 34, Belle Glade, was killed on SR 717 when his car went out of control and overturned in the ditch on the curve at East Shore Canal. Willard Johns, 19, of Sand Cut, Ind., was driving a '55 Plymouth when he was killed in a head-on collision with a '55 Ford in a hospital after his motorcycle went out of control and hit a concrete bridge abutment near Indian town. Both accidents happened late Friday afternoon.

In two other accidents no lives were lost. On Tuesday a Board of Public Instruction school bus driven by Oscar Marlin was involved in an accident one-half mile west of Lake Harbor on SR 80 when a car towing another jack-knifed and ran into it. Samuel Goodson, 18, Lauderdale, was driving a '55 Plymouth when he was killed in a head-on collision with a '55 Ford in a hospital after his motorcycle went out of control and hit a concrete bridge abutment near Indian town. Both accidents happened late Friday afternoon.

On Sunday, James Jones, Everglades Camp, ran into the canal off SR 15 at Muck City Road, causing the accident.

## Passover Marked By Rites Wed. At Glades Jewish Center Dinner

The Jewish festival of freedom, the Passover, was observed Wednesday night by the Glades Jewish Community Center with a traditional dinner at the Edelweiss.

Marking the most joyous occasion of the Judaic calendar, the commemorative celebration of God's passing over the houses of the Israelites in Egypt when He smote the first-born of the Egyptians but spared the houses of the Israelites, members of the congregation read from the Haggadah.

Led by President Jonas Lehrer, the 40 members present observed the rite of drinking the ceremonial wine, eating the unleavened bread, and partaking of the "bitter herbs." Lehrer and Joseph Kahn both read in Hebrew, the other men of the congregation in English.

Commemoration Read The radio commemoration of Passover by the Florida Power & Light Co. was read to the congregation, as was a letter of appreciation from Rev. H. E. Garrett for flowers sent by the Jewish Community Center for the opening of the new Belle Glade Community Methodist Church.

Lehrer announced that preliminary sketches of the new Center building will be ready at the Apr. 15 meeting. His brother (Continued on Page 8)

## Sub-Courthouse Site Decision On Apr. 18

With Monday, Apr. 18 set as the final date for County Commission consideration of possible sites for the proposed Glades sub-courthouse, the commission this week was asking by letter for any objections to the location of the site on SR 717 at Pahokee Airport.

Both South Bay and Pahokee City Commissions recently sent resolutions favoring the site to the commission. Belle Glade City Commission which previously had offered a building and grounds on its downtown property, is expected to take some further action at its meeting next week.

## HOLY WK. ENDS TOMORROW

Holy Week observances in the Glades will end tomorrow and an Easter Sunrise Service at 6 a.m. Sunday morning, on the Belle Glade Memorial Athletic Field, will be the first to mark the Resurrection.

Roman Catholic observances of Holy Week have never before been held locally because there was no available priest. This year Fr. Claire, from Chicago, has held services. Yesterday afternoon Catholics to participate in the Adoration of the Blessed Sacrament. Today there will be Mass of the Pre-Sanctified at 7:30 a.m. and the Stations of the Cross at 7:30 tonight. Tomorrow Holy Saturday services begin at 6:30 a.m. with the blessing of the holy water and the Easter candles. Mass will be said at 7:30.

Methodists in Pahokee have held services nightly at 7:45, with the final service this evening. In Belle Glade the Community Methodist Church held services each evening at 7:45 today at noon and lasting until 3 p.m. ministers from Glades Methodist churches will hold traditional Good Friday services.

Everglades Presbyterian Church in Belle Glade held a communion service last night and will have Good Friday services at 10 a.m. today.

The Easter sunrise service, sponsored by the Ministerial Association, will be preceded by a call to worship directed by local band director, John Munroe. The invocation will be given by Rev. Harold Harlee. Elder Buford Chilcoat will lead the audience in the hymn "Christ Arose." Rev. John C. Pettie will read the Scripture, followed by prayer by Rev. J. M. Gresham. **MORE ABOUT INDIANS:** Should Uncle Sam quit playing under to the Indians of Florida? That will be the principal question in the minds of the Indian Affairs Subcommittee of the House when they meet this week in Florida. Congressman Jim Haley, Sarasota, is chairman of the committee and under his guidance, hearings will be held at 40-mile bend on the Tamiami Trail and at Clewiston. With him will be John P. Saylor (R., Penna.) and A.L. Miller (R., Neb.). And how many Indians are there in Florida? Less than 1,000 according to latest count. How many speak English? About 10 according to the Indian Affairs Committee.

**LIKE FATHER:** Congressman Paul Rogers last week introduced a bill in the House that his father had tried to put through when he served in Congress. The bill calls for a record vote on all appropriation measures which come before the House. Paul says he feels like his father did about this plan. The idea, he says, is that if all members of the House went on record every time they voted to spend money, they would be a little more careful with the taxpayers' money. The result, Rogers says, would be a closer look and a tighter control over government spending. His father's bill died in the rules committee—no prediction on the outcome this time.

**STRIKE UP THE BAND:** It seemed like everybody was in town last week to celebrate cherry blossom time. Every where you looked you saw members of high-school bands—and many of them were from Florida. These are a few that we saw: Lee high school, of Jacksonville; Lake Worth high school, Miami Edison high school, St. Petersburg high school, Ocala high school. And here without a band were countless students from Ketterling high, of St. Augustine. With or without bands, all had their pictures made on the Capitol Steps.

## WASHINGTON NEWSLETTER

By Sen. George Smathers

WASHINGTON — Several days ago I was invited by one of the television networks to appear on a program with Senator Frank Carlson, of Kansas, to discuss some of the issues of the day.

Since I am a Democrat, and Senator Carlson is a Republican, the discussion spontaneously turned to politics, and surprisingly, we quickly reached an area of agreement. We concluded that the members of both our parties recently have been too partisan and too temperate in their expressions. There is much worth and value in the party system. But when partisan attacks question the personal motives and personal habits of individuals, there is nothing becoming either to the party or to the person making the attack, and obviously no gain to the country.

Today, there are many big issues before us to tax our minds and occupy our time. There are issues of a basic nature, such as farm programs, tax programs, health programs, economic programs, and many others on which men of partisan disposition can find simple and ample room for debate and disagreement. This can be done vigorously without resorting to attacks on men's private habits and personal motives.

As has been said many times, in this present emergency situation off the China coast, where we teeter on the brink of war, we need calm, reasoned, restrained statements and careful and prayerful exploration of all honorable methods of averting war and achieving lasting peace.

As an ardent Democrat, I feel strongly that we should consider all issues in the light of what is right and what is wrong. For the nation's sake we must be primarily concerned with what is right, not who is right. Political history teaches repeatedly that what is good for the country is good for the party. It has never yet paid dividends to go jumping into a mud-puddle in order to prove that the resultant splash will dirty the shoes of a passerby.

**WHITE HOUSE AND L&N STRIKE:** Because it poses such a serious threat to shipment of perishables from Florida, Senator Holland and I have been in touch almost daily with the National Mediation Board and the White House, urging stringent efforts to settle the L&N railroad strike. Ed Price of the Gladioli Association, and many west Floridians have appealed to us for help, and we have several times taken the problem to the White House, urging the

BY SCHATZI

The hens would never recognize 'em. In fact, the clucking friends I love to chase would probably fly their coops if they saw what's happening this Easter. The eggs are getting so glamorous that it makes a dog nervous to be around 'em. As I was telling what it would sound to a chicken to be around 'em.

The bosses got their glorified Easter eggs from Boss No. 2's Arizona sister. That is the sister who is a traditionalist about living but a modernist about the extraliving touches. Well, it's kind of hard for a dog to explain these things, but what I mean is that although this sister views the early modern printing "Nude Descending the Staircase" as "a pile of shingles falling off a mountain," she is the epitome of "let's do it differently" when it comes to... well, things like Easter eggs.

So, when how we come to have colored eggs that look like they came from mink-wearing hens this Easter. It is said but true that the pest pup Lisa and I can't even bite into these eggs. For the kids, they are nest eggs. The kind you put in the henhouse to show the chicken where her duty lays. For this new plan of glamorizing eggs (it can only be done by somebody even more part than a setting hen), the bosses say you get yourself a couple of pounds of rick-rack braid (I presume it comes in pounds) — it looks like drunken spaghetti, then acquire a batch of colored sequins and some glue. You glue the colored braid and sequins on the china eggs, in whatever pattern strikes your fancy. The bosses' eggs are in stripes, diagonals, grouped sequins scattered sequins—really pretty things as we said, indecipherable for dogs.

The artistic-type sister reported that when she went into a big-city hardware store in search of more china eggs, the man had to look around in the horse-corned department. He was pretty nervous at why a city-dwelling lady wanted two dozen fake eggs, and seemed very much relieved if still a little bewildered when she said she was going to decorate 'em.

So, I am waiting until some Washington do-gooder sees his first batch of sequined eggs and decides to put them in every farmhouse in the U. S. to raise chickens' standards of living. That just might come next.

President to use all of his great powers to end the dispute.

**NEWS BRIEFS:** All sorts of requests reach Capitol Hill: asking that he be directed to the appropriate government agency to assist in removing tattoos acquired while on leave in Honolulu. Another writer asks me to "do something about" the situation described in an enclosed magazine article charging that chemicals in meat may be undermining our health. Tampa is planning a big centennial celebration the weekend of July 4, and Cuba is sending in an exhibit including an 80-ton replica, built by the Spanish government in 1927, of Columbus' flagship, the Santa Maria.

## INCOME TAX FACTS No. 8

New Savings for Investors, Farmers and Businessmen  
(This is one of a series of articles on income tax changes. The articles are based on information provided by the American Institute of Accountants and the Florida Institute of Certified Public Accountants.)

Investors, businessmen, and farmers all benefit from some of the thousands of changes affecting the taxes you pay this year. These changes, for the most part, apply to the entire tax year of 1954. These articles apply to the taxpayer who reports for the calendar year and who keeps his books on a cash basis. Taxpayers who are on the accrual basis or who use a fiscal year not ending on December 31 should pay particular attention to the official instructions and get qualified assistance if needed.

**Taking of Investments**  
The chief benefit for investors this year is the reduction of tax on dividends. It allows the stockholder to receive 50% of dividends tax free and get a credit against his tax equal to 45% of the remaining dividends received after July 31, 1954, subject to certain limitations.  
Interest on bonds, except those that are tax exempt, must be reported as income and there is no credit as in the case of dividends. There is a reduction in the maximum rate on long-term capital gains from 25% to 20%. This means that taxpayers receiving long-term capital gains starting after October 1953 need pay no tax on the gains. Long-term capital gains (after subtracting net short-term capital gains) are taxed at the same rate as ordinary income.  
Capital gains or losses result from most sales of securities or other assets. They are classified as long-term if the asset has been held longer than six months, otherwise short-term. Net short-term capital gains are taxed at the same rate as ordinary income.

**Farmers Have Special Forms**  
A special form, 1040F, must be used by all farmers. It is a cash basis and may be used by farmers on accrual basis. Detailed instructions are given on the back of this form.  
Farmers can change this year allow a farmer to take a deduction for soil and water conservation expenses up to 2% of his gross income from farming.

**Business and Professions**  
Businessmen have long complained that government rules did not allow them to depreciate their assets on a realistic basis. The new law allows as much as twice the depreciation in the first year compared with the old pattern.  
Here are some other important changes:  
1. Earlier deduction (instead of depreciation) of research and development expenses.  
2. Option for many partnerships and proprietorships to be taxed as if they were corporations.  
3. Loss danger that corporations will be penalized for accumulating earnings.  
4. Revision of tax accounting rules to harmonize with generally accepted accounting principles.

**Additional Information**  
Be sure to read the official instructions. You can also get help from the Internal Revenue Service, which urges you to consult only qualified advisers.  
(Final article of the series.)

## FLA. CATTLEMEN CAUTIONED ON STILBESTROL

By Ag. News Serv.  
Gainesville—If Florida cattlemen want to feed stilbesterol to their fattening animals, they would do well to keep records of feed and weights to determine if the hormone addition is beneficial under their conditions.

This is the suggestion of Dr. Tony J. Cunha, head of the animal husbandry of the University of Florida Agriculture Experiment Station.

Stilbesterol is a synthetic hormone-like product which has been available for about 20 years. It has been tried with cattle previously but had been used as an injection rather than as a feed. When used as an injection it produced harmful side effects.

A summary of work done elsewhere shows that cattle fed stilbesterol eat about 5 percent more feed daily, gain about 18 percent faster and feed costs are reduced from 10 to 20 percent. At 1954 fed prices, this means a saving of 2 to 4 cents per pound of gain. Both steers and heifers respond, but a little more response is noted in steers.

Dr. Cunha says that there are excellent feeds containing stil-

### LEGISLATORS MEET IN LOG CABINS

Legislators meeting this week for the first days of the 1955 session have a new tradition of responsible representation to guide them in their deliberations for the benefit of the whole state. In July 1921 Andrew Jackson accepted Florida from Spain in the name of the United States, at a ceremony in Pensacola. Early in the following year President James Monroe appointed William P. Du Val as Florida's first territorial governor and in 1822 appointed 13 men as a legislative council.

Within two years Governor Du Val proclaimed Tallahassee to be the site of the territorial government. By November of that year three log cabins, built somewhat south of what is now capitol square, were occupied by the legislative council which sat in formal session for the first time. One of the first acts of these first state legislators was to direct that a quarter section of land be laid out for the new capitol.

Tallahassee was almost immediately in the news when it was announced that Congress had granted the French General La Fayette a nearby tract of land as a gift in recognition of his services to the Republic in the Revolution. La Fayette never visited his Florida land, but he did settle Frenchmen there who attempted to raise mulberry leaves for silk worms.

The year 1826 saw the completion of the first wing of the original territorial capitol building, financed both from the sale of lands in the townsite of Tallahassee and from a Federal grant. The statehood did not come until 1845 when Iowa was admitted to the Union as a free state to balance Florida's slave state. In the years between the admission of Florida as a territory and as a state, the legislative council, had experienced economic problems, in settlement of the territory by plantation owners from other Southern areas, military problems in connection with the Seminole Indian war and social problems arising between the Spanish and English settlers in the territory. It was not unusual, then, to find that as early as 1838 a Constitutional Convention was called looking forward to ultimate statehood.

In the years between Florida's admission to the Union in 1845 as a state and her Secession from the Union in early 1861, there was little time to formulate a satisfactory constitution under which the new legislature and other branches of state government could effectively function. The Constitutional Convention called in 1860 was

## LOOKING INTO THE FACTS...

### No Protein—No Production

There is no way of short-changing a cow on protein and still have a cow that will produce a calf every year. A cow short of protein will tend to have a calf one year and skip the next. She has to do this because she needs to recuperate and build body stores in order to conceive and give birth to another calf. This is nature's way of protecting her against the lack of protein.

### MORNING COFFEE HONORS NEW MEMBERS

A morning coffee was held Wednesday morning from 10 to 11:30 at the home of Mrs. Frank C. Dooley, honoring new members of the Belle Glade Women's Club. Mrs. J. Marvin Unwin, club president, and Mrs. William A. Thibaud, past president, greeted the guests at the door.

The serving table was laid with a pastel tablecloth with coffee service at each end. An arrangement of vari-colored sweet peas centered the table, flanked by pink pinks. Finger sandwiches and cookies were served. Arrangements of roses and garden flowers were used throughout the house. Mrs. James A. Ball, Jr. and Mrs. A. Thomas Bregger served the coffee.

Mrs. Thibaud was general chairman, assisted by Mrs. Curtis Thompson, Mrs. N. T. Taylor, Mrs. Frank C. Dooley, Mrs. W. C. Young and Mrs. Herman Baxt. New members honored were Mrs. R. S. Cox, Mrs. M. Whittemore, Mrs. Walter D. Roth, Miss Marian Najarian, Mrs. Carl Ingman, Mrs. M. M. Sabiston, Mrs. Larry Roy, Mrs. Ted Daniels and Mrs. H. Edward Garrett.

### BELLE GLADE BETAS HONOR TWO AT TEA

The home of Mrs. Grant E. Averill was the scene of a pre-luncheon tea, honoring Mrs. Charles Godwin and Miss Frankie Farmer, pledges of Beta Sigma Phi sorority Sunday afternoon. Mrs. Royce N. Jones, E. F. McAllister and Mrs. Averill were in the receiving line.

The serving table was laid with a lace table cloth. Crystal tea service was used and an arrangement of orange calluldas in a black bowl was attractively arranged at one end, the serving table. Arrangements of cactus, pansies, sweet william and gladioli were used on the buffet, the mantle and throughout the living room and porch. Mrs. J. E. Jones served the punch.

### Seagoing Gators

#### Form Fla. Navy Unit

The Seagoing Gators, a Navy recruit company of 77 young men from all sections of Florida, will have a live, four foot, Florida alligator as mascot while undergoing recruit training at Chief Zepasnik of the local Navy Recruiting Station announced today.

Chief Zepasnik said that interest in the Seagoing Gator recruit company in this area has been very high and that openings are now limited. He urged all interested young men between the ages of 17 and 31 to stop by the Navy Recruiting Station Tuesday afternoon in Pahokee Post Office, and Tuesday morning at the draft board in Belle Glade and learn the facts of the Seagoing Gators and the opportunities now being offered by the Navy.

### FOUR ARE INITIATED BY PAHOKEE RAINBOW

Joan Darden, June Gant, Shirley Kincaid and Peggy Upholzer were initiated into the Pahokee chapter of Rainbow Girls Monday night with Jeanine Mock, worthy advisor, and her officers conducting the ceremonies.

Plans were made for a rummage sale Thursday. The proceeds are to be used towards a fund for members to attend garden assembly to be held at the Delido hotel in Miami June 23-25.

### INSTALL OFFICERS

Installation of officers was the order of business at the Belle Glade Elks Lodge Monday evening. Pat Lemoine, past district deputy grand exalted ruler, of Fort Myers was the installing officer.

Installed were August Kirchman, exalted ruler; Emmett S. Roberts, esteemed leading knight; Edwin M. Lively, esteemed loyal knight; Harold McKee, esteemed lecturing knight; Fred Simmons, secretary; Clyde L. Clayton, trustee for five years; M. M. Sabiston, treasurer; Lorenzo Connell, squire; M. J. Betts, chaplain; E. F. McAllister, inner guard; John S. Whitlock, tyler.

Presented by your Doctor of Medicine at the Health Topics of the Florida Medical Society.

### UPSET STOMACH

In some persons, indigestion is caused by eating rapidly so that food is insufficiently chewed. In others, certain foods are not well accepted by the stomach, causing belching, distention or other discomfort. Spicy, highly seasoned foods are especially likely to cause this reaction.

In many patients, however, indigestion is of "nervous origin and treatable" to an anxiety of some kind. These patients may belch frequently, complain of nausea and sometimes have difficulty in swallowing. Usually the patient blames some food, such as cucumbers, fish, eggs or cabbage. This type of indigestion may be accompanied with symptoms indicating nervous influences, such as palpitation, cold hands and feet, sweaty hands or unusual form of headache.

Overwork, insufficient relaxation and haste in eating may all enter into a stomach "upset." Women, particularly, are inclined to bring too much emotion into household chores and to attach too much importance to trivial annoyances, and thus may develop such nervous indigestion.

Worry is a frequent factor. When the mind is disturbed, the processes of the body are often also affected. Tranquility and mental poise are necessary to good physical health. In some persons, indigestion is relieved if a mild or bland diet is followed, assuming that the basis for the anxiety is removed. The diet should consist chiefly of easily digestible foods which place no strain on the stomach.

If symptoms resembling indigestion develop and persist, however, the wise person will consult a physician.

## Useful Glades Centerpiece

Probably the Glades is one of the few places in the world where, when guests stop by just as the family has cleaned up the last of dinner, the visitors can eat the centerpiece. For instance, here's a beauty (and edible, too) made by Mrs. J. A. Spence for the SSA dedication luncheon a few weeks ago. The five-petaled "glady" is cut from yellow turnip, the calla lilies from while turnip the centers of carrots. When company comes and you're out of provisions, just call one of the garden chubbers of South Bay, Belle Glade, Pahokee, or Canal Point. Maybe she'll have a fancy centerpiece at hand.

## 219 MILLION IS '75 POP. WORD

In 1950 the experts were saying that there would be some 38 million people sitting down to America's dinner table by 1975. Since then a more careful study of the predictions have caused the experts to change that figure to read 47 million, according to the research department of the Florida Farm Bureau Federation.

Instead of a population increase of 6,000 persons a day, 250 persons every hour and four a minute as originally thought in 1950, the figures have been revised to read 7,100; 300 and five respectively. At this rate of increase the U. S. population will exceed 219 million persons by 1975, the bureau points out.

The American farmer, who has accomplished a remarkable

production record during the past few years has another huge production job confronting him in the future," declared T. K. McClane, Jr., executive vice-president, Florida Farm Bureau upon reading the foregoing statistics.

THIS brand-new kind of automobile—the sensation of all the Auto Shows this year—is now rolling off the Buick assembly lines in volume numbers. That's the first news.

And the second is just as wonderful—this dramatic new model is very definitely everything that eager buyers hoped it would be.

For the 4-Door Riviera is the first "hardtop" ever available with separate doors for rear-seat passengers—plus rear-compartment room big as a Buick-size family sedan.

It comes breezing in with all the low-lined sweep and wide open visibility of Buick's original 2-Door Riviera—and with luxurious new spaciousness in

its sizeable and full-length 4-door body.

With windows down, no posts appear for the rear doors, and you get a completely unobstructed view at both sides.

You find rear doors are hinged at their front edges to swing wide and free, and assure easy entrance and exit.

And you'll find legroom, headroom and hiproom extra-generous both front and rear—with interiors tailored in fabrics and patterns specially reserved for the 4-Door Riviera.

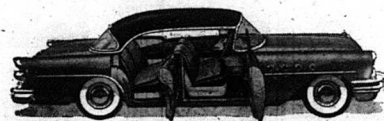

Best of all, this new Buick beauty comes off the line in both the low-price SPECIAL Series and the high-powered CENTURY Series.

So you can pick your 4-Door Riviera with the potent performance of a 188-hp or 235-hp Buick V8 engine—the swift getaway and gas saving of Variable Pitch Dynaflo®—the velvet stride of the Million Dollar Ride—the long list of Buick bonus features at no extra cost—and all at "great buy" prices that have helped move Buick into America's "Big Three" of best sellers.

But—better see us about the 4-Door Riviera now.

With all-out production—and a prompt order—this newest excitement in cars will be yours that much sooner.

\* Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

## Mrs. Henderson New PTA Head

SOUTH BAY — PTA president for 1955-56 will be Mrs. Sam Henderson, as a result of her election at the regular PTA meeting Monday.

J. C. Bowen will serve as vice president, and Mrs. Marvin Davis, secretary.

Superintendent of Public Instruction Howell Watkins and School Board members Thurmond Knight and Homer Edwards served as a panel to discuss school problems. They were introduced by Mrs. Bill Mason.

The panel, moderated by Principal Pellon Morris, described policies of the school board in connection with release of funds for large equipment needed in schools. It was pointed out that the board will grant the final \$100 needed in purchasing such items as pianos and other items of major expenditure. The teacher shortage and classroom shortages were described and legislation before the present legislature to alleviate these problems was outlined.

Mrs. Frank Willis read the minutes and the message from the national president. The membership voted \$25 for a picnic for the school and PTA and Principal Morris was reimbursed for purchase of a new machine. Funds were budgeted for a past president's pin for outgoing President Mrs. Floyd Wilder.

Mrs. Edie Maxwell won the room count. Mrs. Thelma Bowen, Mrs. Laura Willis and Mrs. Edwards served refreshments in the cafeteria after the meeting.

## JULIAN BRANCH IS NEW CP PTA PREXY

CANAL POINT — Julian Branch was elected new president of Canal Point Parent Teacher Association Monday. He succeeds S. P. Sionaker, who has served as president the past two years.

Mrs. A. R. Harrington was elected first vice president; Mrs. Ralph Maxson, second vice president; Mrs. Susan Wilson, secretary; Mrs. R. T. Smith, treasurer; Mrs. E. H. Hollon, historian; Mrs. Shirley Kubeck's seventh grade won the attendance award.

## APPOINTMENTS MADE BY DAVID

Appointment of State Representatives Emmett Roberts and F. O. "Bud" Dickinson to 13 of the 54 legislative committees was announced yesterday.

Roberts' appointment to the Appropriations Committee and Dickinson's place on the Rules and Calendar place the two Palm Beach County men on committees considered as very important by legislators.

Although House Speaker Ted David made many statements for the convening of the State Legislature yesterday, the complete list was released the first day of the session.

Other committee assignments of Roberts are Appropriation, Drainage and Water Conservation; Governmental reorganization of which he is vice chairman; Labor; Livestock; and Public Safety.

Dickinson has been appointed to serve on the following committees in addition to that already listed, Public Printing of which he is vice chairman; Constitutional Amendment; Elections; Public Roads and Highways; and Savings and Loan.

## BG FLAG PLANS

### MADE BY J-Cs

BELLE GLADE—An official flag for Belle Glade will one day wave over City Hall if plans of the Jaycees are successful. Clearance Throop was appointed chairman of a Jaycees committee to plan a contest to get a flag design, with a \$25 government savings bond to be awarded for the best flag idea submitted.

At the regular meeting Friday night, members also heard about the new boy's camp being built at Ocala National Forest. Their speaker was Frank Novak, educational director of the Game and Fresh Water Fish Commission in charge of 10 southern counties.

It was reported that the Jaycees made \$57.00 at the Fair. Clearance Throop was appointed Chairman of a Committee to spearhead a contest to get a Belle Glade flag. There will be a \$25.00 War Bond offered for the best idea which will be incorporated in sketch for a Belle Glade flag. Details are being worked out and will be announced later.

## 'John Wesley' Scheduled

The film "John Wesley" will be shown at the Community Methodist Church in Belle Glade on Sunday evening, April 17 at 7:30. This is a one and one half hour long film in technicolor and the public is cordially invited to attend.

## FIRST CHURCH OF CHRIST, SCIENTIST, Belle Glade

Churches of Christ, Scientist, God's healing and redemptive power will be emphasized in the Lesson-Sermon entitled "Are Sin, Disease, and Death Real?" at Christian Science services this Sunday.

Scriptural selections will include the following from Psalms (103:2-4): "Bless the Lord, O my soul, and forget not all his benefits: Who forgiveth all thine iniquities; who healeth all thy diseases; Who redeemeth thy life from destruction; who crowneth thee with loving kindness and tender mercies."

The present availability of God's goodness and power will be brought out in readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, including the following (472: 24-30 All): "All reality is in God and His creation, harmonious and eternal. That which He creates is good and He makes all that is made. Therefore the only reality of sin, sickness, or death is the awful fact that unrealities seem real to human, erring belief, until God strips off their disguise. They are not true, because they are not of God."

## GRAND JURY GETS REESE

BELLE GLADE—Grand jurors were expected to indict David Reese on a charge of first degree murder, or a lesser charge, today.

Reese was arraigned by Justice of the Peace of the Eighth District Wednesday on a first degree murder warrant in his shooting, resulting in the death of Patrolman Isaac Davis, last Friday. Reese pleaded guilty in the local arraignment and was removed from city jail to the county jail Wednesday by Constable Buford F. Prescott.

Meanwhile, eight police officers headed by Police Chief Charles Goodlett attended the funeral of Patrolman Davis in Miami yesterday. Davis died in Pine Ridge Hospital, West Palm Beach, Saturday.

Reese was apprehended in his room by Prescott, and Patrolman J. A. Congleton and Travis Poole moments after his return to his room to reload the .38 with which he shot down Davis.

Linda Mae Dillingen, a bystander, was fatally wounded by a stray bullet during the fracas. Investigation continued today into identifying marks on slugs removed from the bodies of the victims to find out whose gun shot her. During the gun fight between the patrolman and his assailant 11 shots were fired. One of them hit Linda Dillingen. Eddie Stevens, another bystander was wounded in the thigh by a stray bullet. He was released Saturday from Belle Glade Memorial Hospital.

## 3,267 WELFARE CASES IN MAR.

Thomas E. Penick, chairman of District Board 10 of the Department of Public Welfare, reports that in Palm Beach County 3,267 persons were assisted in the three categories of public assistance for the month of March.

A total of 1,550 persons received old age assistance to the amount of \$77,799. Nineteen persons received aid to the blind, totaling \$3,820.50; 410 families, representing 1,308 children, received aid to dependent children in the amount of \$22,717.

In addition, 171 children received service during the month. Of whom were 10 in foster homes. The total state and local cost for these child welfare services was \$1,563.87, Penick said.

There were nine adoption petitions studied for the Circuit Court. These are children placed in homes independent of service through a licensed child placement agency, and the welfare board is responsible according to law to make these reports to the Court.

Palm Beach County is also represented on the District 10 Board by Mrs. Doris Sasser, Pahokee; Doyle Morgan, Delray Beach, and Mrs. Lucile Turnage and Mrs. Helen Woodward, West Palm Beach.

## Optimism Marks C-C Campaign

BELLE GLADE—Optimism was expressed by Chamber of Commerce President George Wedgworth in regular meeting Wednesday that this year's budget will be reached in the current chamber membership campaign.

Wedgworth said he felt that outstanding chamber dues were collectable and also cited additional revenues available to the chamber through license tag revenues. Board members unanimously agreed that Chamber Secretary Edwin Young should be reimbursed for expenses incurred for chamber business which she has previously paid for from her own funds.

In discussing the revenues derived from tag sales, Wedgworth pointed out that expenses in hiring a part-time assistant were more from tag funds and that so far revenues were good but no figures were available on anticipated income.

In other actions the directors made tentative arrangements for the annual Glades grown dinner and heard a report on the results of the Everglades Fair.

## 400 Go To Show By BG Rotary

BELLE GLADE—The Belle Glade Rotary Club's golden anniversary show was seen by 400 people last Friday, with Mrs. Dorothea Ingram directing the program, and Mrs. Marianne Womack, accompanist.

A gay nineties chorus opened the show, followed by the "Gold enaires Quartet," Roy Litchfield, Earl Skuce, Barnes Creech and Clark Womack.

"Take Me Out To The Ball Game" by Jean Roemer and Roy Litchfield was followed by Rotary President Marvin Unwin and Mrs. Unwin on a "Bicycle Built For Two." "The Merry Widow Waltz" was gracefully performed by Mr. and Mrs. D. R. Kemper. Jean and Bert Roemer did justice to "A Bird In A Gilded Cage," followed by a piano solo by Glenda Dell.

The chorus sang "Casey Jones" with Clark Womack as soloist. Miss Ann Henderson sang "Wedding Belle," acted out by Mr. and Mrs. Natte Taylor. "The Missouri Waltz," and "Beautiful Ohio" by the chorus and the Roemers in "My Merry Oldsmobile" completed the part of the show.

The second part featured songs by the Rotary Chorus, Ann Henderson and The Harmonettes, composed of Misses Henderson, Dell and Alma Ann McClure. Martha Lynn Brent presented two dance numbers. Lamar Williams entertained with his skill with his ropes. Solos were sung by Clark Womack, Milton Carpenter and Miss Dorothy Kidder who sang. A talk was given on the golden anniversary by Dr. Tom Forsee. The Uptight Quartet added to the evening's entertainment.

## ALDEN CHASE IN CHEMISTRY TOP 2

GAINESVILLE—Curtis Alden Chase, Jr., Pahokee, is one of two freshman students at the University of Florida to receive the awards given each year by the department of chemistry to the students making highest grades in the two large freshman, chemistry classes during the fall semester.

Fred LaPaul Moore, of Penny Farms, Fla., led his class in Chemistry 212, and Chase made the highest grade in Chemistry 217 during the 1954 fall semester.

Both received copies of the "Handbook of Chemistry and Physics" with their names inscribed in gold on the cover. In making the awards, Dr. A. P. Black, head of the department of chemistry, emphasized the fact that potential employers of chemistry graduates always carefully examine the scholastic records of students they are considering for employment.

# A TRIBUTE...

To Those Who Are

"Getting The Message Through"

In cities and towns over the South today, thousands of men and women are maintaining a great tradition.

They are telephone employees who are on the job, and because of them, the messages are going through.

In our Company, we call it the spirit of service. This spirit never burned so brightly as it does today—in the hearts of the men and women at the switchboards completing the calls and at other vital posts of duty keeping the lines open—making sure that their community has dependable telephone service 24 hours a day.

We salute them—for their sense of duty, their skill and their magnificent spirit.

We are deeply grateful for the patience, understanding and friendly cooperation of telephone users everywhere.

FRED J. TURNER  
President
